

THE LEADING MANUFACTURING ONLINE JOB BOARD SINCE 2002

Manufacturing
Maintenance Purchasing | Safety
Production Planning | Engineering
Materials Management | Logistics
Warehousing | Plant Management

ABOUT US

JobsInManufacturing.com is the leading niche source for job seekers and employers within the manufacturing, plant management, quality control, production planning, materials management, engineering, maintenance, purchasing, and logistics industry. Our targeted marketing ensures jobs land in front of industry-specific job seekers looking to bring their expertise to the table. Post hourly and salary positions, and connect with quality job seekers at a fraction on the cost of general career sites.

BENEFITS

- ✓ Niche Traffic
- ✓ Custom Packages and Solutions
- ✓ Job Distribution
- ✓ Expert Guidance and Advice
- ✓ Lower Cost-Per-Hire
- ✓ Real-Time Job Seekers

SOLUTIONS

Enhanced Job Posting Packages

Make your jobs stand out with a company video, HTML code, logo and images to enhance your job postings.

Banner Advertising

Increase brand awareness and visibility. Banners provide top exposure to your jobs to attract more candidates.

Company Profile

Let candidates learn about your company culture. Your brand images and content will be featured above a list of all your job postings.

Database Sourcing

Subscribe to our manufacturing job seeker database and find qualified candidates by performing a targeted search for relevant profiles.

Sponsored Facebook Campaigns

Raise brand visibility and leads with expertly managed Facebook Ads designed to reach your target market.

Email Blasts

Create and send laser-focused email blast campaigns to easily deliver your message to your target audience fast.
