SOLUTIONS

Enhanced Job Posting Packages

Make your manufacturing jobs stand out with a company video, HTML code, logo and images to enhance your jobs on JobsInManufacturing.com.

Company Profile

Let candidates learn about your company culture. Your brand images and text will be displayed above a list of all of your job posts.

Banner Advertising

Increase brand awareness and visibility on the largest manufacturing job board. Banners provide premium exposure to your jobs to attract more candidates.

Database Sourcing

Subscribe to our manufacturing job seeker database and find qualified candidates by performing a targeted search for relevant profiles.

Sponsored Facebook Campaigns

Raise brand visibility and leads with expertly managed Facebook Ads designed to reach your target market.

Email Blasts

Create and send laser-focused email blast campaigns to easily deliver your message to your target audience fast.

ABOUT US

JobsInManufacturing.com is the leading niche source for job seekers and employers within the manufacturing, plant management, quality control, production planning, materials management, engineering, maintenance, purchasing and logistics industry. Our targeted marketing ensures jobs land in front of industry-specific job seekers looking to bring their expertise to the table. Post hourly and salary positions and connect with quality job seekers at a fraction on the cost of general career sites.
